

CAREER OPPORTUNITY

Fleet Mechanic

We're looking for a key member of our team to help us achieve our mission. Are you that person?

As a Fire District that serves two of the fastest growing towns in Northern Colorado, the Frederick-Firestone Fire District prides itself on being an all-hazards emergency response district. We believe every individual who is a part of the Fire District plays a vital role in achieving our mission to save lives, protect property, and care for our community to always be reducing risk. We believe firefighters, paramedics, and investigators can only provide the highest level of emergency response within the Carbon Valley Area when that same standard exists throughout our entire organization.

THE COMMUNITY

Our community offers residents a small town feeling with plenty of local activities. We are surrounded by the beauty that the Front Range and Rocky Mountains have to offer. From nature trails, to fishing, hiking, skate boarding, and just a short 30-minutes to downtown Denver, Boulder, and Fort Collins the Towns of Frederick and Firestone offer plenty to do. These family-friendly communities are a great place to live, work, and play.

THE CARBON VALLEY

Located in Weld County, the Carbon Valley is made up of the Towns of Frederick and Firestone and the City of Dacono. The Fire District currently provides services to the Towns of Frederick and Firestone, as well as several areas of unincorporated Weld County. Currently, the District provides services to approximately 36 square miles with a population over 35,000 residents.

The District works closely with the towns to ensure all resident and community needs are met when it comes to emergency services. The District employs 90 full-time staff.

THE DISTRICT

As an all-hazards emergency services agency the Frederick-Firestone Fire District has promised our community exemplary leadership and performance, and to do so, we expect every employee to excel in their area of expertise. We have high standards and hold our team to that measure of excellence. In turn, every Fire District team member innovates and improves our emergency services by bringing their best to serve the community at all times.

From our Firefighters to the Fire Chief, our team knows they are making a difference with each emergency response and every harmful incident we've worked to prevent. It is not easy work, but our employees excel with the support of a community that values their contribution and an organization with a clearly defined purpose and vision of the future. The challenge of advancing our mission drives us to new levels every day and the result is a sense of pride beyond measure.

THE IDEAL CANDIDATE

The Fleet Mechanic works under the direct supervision of the Fleet Manager-Mechanic. The ideal candidate has practical experience and a strong foundation in all aspects of diesel and automotive repairs including engine, electrical and chassis components. Although not required, the ideal candidate will need a strong desire to obtain numerous certifications and qualifications in the area of Emergency Vehicle Technician (EVT) repairs. The fire district will support this career growth with a robust education reimbursement program and annual tool allowance.

The Frederick-Firestone Fire District is continuously looking for ways to improve its service to our citizens and our personnel while preserving and protecting the District's mission and values. The ideal candidate must have extensive knowledge and experience in managing projects and conducting maintenance on all types of emergency vehicles to include fire apparatus of all types and sizes.

DUTIES INCLUDE BUT ARE NOT LIMITED TO:

- Assist with scheduling and conducting fleet vehicles for regular maintenance
- Conducting urgent or emergency repairs on the fleet and equipment
- Providing reports to management regarding schedules, maintenance, and fleet progress
- See attached job description for more details.

CORE QUALIFICATIONS:

- Diploma or Certification in Automotive/Diesel Technology or five (5) plus years of Journeyman experience as a Mechanic/Technician. ASE Master Truck certified is preferred.
- Must be able to obtain and maintain certification as an Emergency Vehicle Technician (EVT) Level 1 Fire Apparatus and Ambulance in the first year of employment.
- Possess and maintain a valid State Commercial Driver's License and an insurable driving record.
- Possess and maintain CPR/AED and First Aid certification in the first year of employment.

COMPENSATION & BENEFITS

The Frederick-Firestone Fire District offers a competitive pay and benefits package.

Salary range \$80,455-\$89,225 per year depending on experience. Other benefits include:

- Employer & Dependent Paid - Medical
- FPPA Pension Defined Benefit
- Short Term Disability
- 457B Deferred Compensation Plan
- Education Tuition Reimbursement
- \$100,000 Life Insurance
- Employer Paid - Dental/Vision
- Paid Vacation & Sick Leave/Holiday Stipend
- Four (4) Weeks Paid Parental Leave
- Peer Support Counseling/EAP
- Health and Wellness Incentives
- AFLAC Supplemental Insurance

- Two (2) of the fastest growing towns in Northern Colorado.
- Family-friendly communities with a small-town feel.
- Close access to hiking, fishing, camping, skiing, snowshoeing, and downtown activities.
